## LED STREET LIGHT 90 W

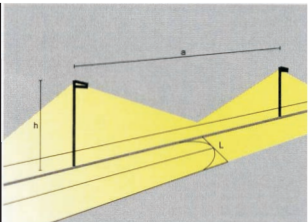

LED Street Light a new technology to save energy.

### EST-SL 90 W (height 8 - 11m)

Construction:

- whole body made of aluminum
- pressure cap in excess of aluminium with a broad and deep cooling fin.
- Tempered glass 4 mm thick transparent
- Stainless steel screws
- Silicone gaskets

### TECHNICAL PARAMETER

- . Input voltage: AC 180-260V / AC 85-150 V 50-60 Hz
- . Input power: 90 - 95 W
- . Power-supply efficiency: more than 95%
- . Electromagnetic Compatibility: IEC standard
- . Classification of electric-shock resistance: Class I
- . Weight: 10,5 Kg
- . IP rating: IP 65
- . Applicable ambient temperature: - 45 C
- . LEDChip: CREE
- . Color temperature: 2700 K – 6500 K (optional)
- . Life expectancy: - 50'000 hr`s
- . ISO 9001 / CE ROHS
